MAPT Leadership Academy

The MAPT Leadership Academy is a voluntary program designed by the Professional Development Committee in response to a growing need by our membership for professional development. Classes and topics have been tailored to the specific tracks.

Tracks provide training for transportation professionals: Directors/Supervisors, Future Directors/Supervisors, Trainers, Dispatchers/Secretaries and Technicians.

Stages give the order of sequence. You must complete stage 1 then 2 and finally 3. Additional class choices will be added as curriculums are developed. Please be aware that some courses and/or requirements may change. MAPT and the committees that created this program are continuing to evaluate plans and make minor modifications as deemed appropriate.

Enrollment Application

Initial Certification is \$50.00 and a \$25 renewal fee every five years.

**Road to Success begins with
Professional Development**
