

Special Needs - Transportation MAPT Leadership Academy

Thursday, February 23, 2012 9:00 am – noon at the MAPT Office

This class qualifies as 3 hours for the MAPT Leadership Academy and/or
3 hours for the MSBO Transportation Director's Certification Program

ADA, IDEIA, IEP, FERPA and Section 504 are laws that impact all of us who transport students with special needs. This class will provide an understanding of these laws, behavior issues, wheelchair securement and the proper storing of equipment and supplies needed to transport special needs students. We will also discuss how to properly secure students in car seats and safety vests, "Star Seat" and other types of CSRS. Can a special needs student be suspended? What procedures must be followed to do so? What is a behavior management plan and how important is documentation? These questions and others will be answered as we prepare for the challenges and responsibilities of transporting students with special needs.

Instructor: Gary West, Genesee ISD

Class is limited to 25 participants.
